[NUMB. 1574.]

From SATURDAY March 2, to

SATURDAY March 9, 1765.

CHARLES-TOWN, Printed by PETER TIMOTHY, at his Office, in BROAD-STREET.

B A R B A D O S, JANUARY 19, 1765.

By the KING'S AUTHORITY.

PUBLIC Notice is hereby given, That the Commissioners appointed by his Majesty for the Sale and Disposal of Lands in the Islands of Grenada, the Grenadines, Tobago, St. Vincent, and Dominica, are (in Consequence of Resolutions taken at a Board held in Barbados the fifth Day of January. One Thousand Seven Hundred and Sixty-five) about to proceed immediately to the several Islands that are the Object of their Commission, for the more speedy and effectual Execution of his Majesty's Instructions.

That they shall accordingly, in Conjunction with the Governor-General of the Grenades and Neutral Islands, or in his Absence with the Lieutenant-Governor of each Island respectively, proceed to divide the Islands of Tobago and St. Vincent into convenient Districts or Parishes, and set apart, in those and the other Islands, such Lands (in the most convenient Situations) as shall be thought most proper for Fortifications, Yards for the Use of the Navy, and other military Purposes.

That the said Commissioners shall determine on a proper Situation in every Parish for a Town convenient for Trade and Navigation; such Towns to consist of Lots of different Size and Extent for Houses to which Gardens or Fields will be annexed, not exceeding six Acres, to any one Town Lot: And that in laying out such Town-Lots, they shall reserve convenient Places for Wharfs and Quays, and for all other necessary public Uses; and reserve in every Parish such Wood-Lands as shall seem necessary for the Construction and Repair of Fortifications and public Buildings, and to prevent that Drought which in these Climates is the usual Consequence of a total Removal of the Woods.

That they shall also trace out the Direction of all great Roads in each Island respectively, for the Convenience of Communication between Town and Town, and set out Roads between the Allotments of Plantation Lands, for the Convenience of the Purchasers thereof.

That uncleared Lands shall be set apart in each Parish for such poor Settlers as shall apply to the Governor-General of the Grenades and Neutral Islands, or the Lieutenant-Governor of the Island where such Lands lie, for the same.

That the native Caribbees of St. Vincent are to continue undisturbed in the Possession of their Cottages and Grounds.

That with respect to the cleared Lands in the Islands of St. Vincent and Dominica, as the same have been occupied by the French in open Violation of the Faith of Treaties made between the Crowns of Great-Britain and France, and in express Contradiction to the public Orders issued by the Court of France; and as no Authority has been given to any of the Governors to make Grants thereof, the Commissioners are forbid to allow of any Establishment of the French, in Consequence of the Settlements made by them in the said Islands: But his Majesty has nevertheless been graciously pleased to encourage the present French Inhabitants to continue under his paternal Care and Protection, on certain Terms, Restrictions, and Reservations; and the Commissioners accordingly shall and will, with all convenient Speed, proceed to execute his Majesty's Instructions on that Head, as follows:

That is to say, To such of the French Inhabitants of the said Islands as shall take the Oath of Allegiance and make and subscribe the Declaration of Abjuration, Leases shall be prepared and granted by the Commissioners, which shall also pass under the Seal of the Government of Grenada, and be registered in the Office of the Secretary of the Island where the Lands lie, of such cleared Lands as were in the Possession of the said French at the Time of the Surrender of the Islands afore said, and still are in their Possession (together with such small Parcels of contiguous Lands in Wood as may be convenient to the Lessee, and which the Commissioners may think reasonable to infer in such Lease) unless such cleared Lands are found necessary for public Uses; in which Case other Lands shall be allotted them in Lieu thereof, and the full Value and Improvements shall be ascertained, and Compensation made for them in the most fair and equitable Manner.

That such Leases shall be for Fourteen, Twenty-one, Thirty-two, or Forty Years, at the Option of the Lessees; or for Fourteen Years, renewable at the Pleasure of the Lessee, for a Number of Years not exceeding Forty in the Whole: And, in Consideration of which Leases, such Fines and Quit-rents shall be paid down, as are thought proportionable to the Term of Years and Quality of Land.

That the Lands so demised shall not be assignable to any other Person, without a Licence first had from the Governor-General of the Grenades and Neutral Islands, or Commander in Chief for the Time being, and approved by the Lords Commissioners for Trade and Plantations.

That the Lessee shall reside one Half of the Year in the Island where the Lands lie, and in Cases where Lands were held before the late Peace by several French Proprietors jointly, some of whom are since retired from them, they are to be severed into Parts, and Indulgence shewn in the Division to those who are contented to remain and receive their Portions, and who will also enjoy every Advantage that peculiarly belongs to British Subjects.

That in Case any French Inhabitants should rather prefer uncleared Lands in any of the Islands to the cleared Lands on the Terms above-mentioned, uncleared Lands, unincumbered with the Terms of the Lease, shall be allotted them in Lieu thereof by the said Commissioners; and they shall moreover be paid the Value of the Buildings they leave.

That these Provisions shall not however extend to such as occupy more than Five hundred Acres in the Island of St. Vincent, and Three hundred Acres in the Island of Dominica: If any such there be, the Commissioners shall reduce their Possessions to those Numbers, and dispose of the Surplus in the same Manner as of Lands not occupied by French Inhabitants.

That the Commissioners are empowered by his Majesty to determine who are to be deemed French Inhabitants, and what Lands they shall be deemed possessed of, within the Meaning of the King's Instructions: That religious Communities are not to be considered as included herein; such Lands as they have been possessed of will be sold for the public Benefit.

That no Grants, Bargains, or Sales whatever, hitherto made (excepting legal Sales in Grenada and the Grenadines) will be attended to or allowed of, as his Majesty has been pleased to declare that no Authority has been granted to any of his Governors for this Purpose. His Majesty has notwithstanding been pleased to

except twenty five Town Lots, consisting of forty Feet in Front, and one hundred and fifty Feet in Depth, granted by Governor Dalgely in the Town of Charlevoix, in the Island of Dominica: And the Commissioners are directed to confirm these Grants, by giving to the several Grantees Certificates that the said Lots were so conveyed to them; which shall entitle them to Grants thereof under the Seal of the Islands, provided they agree to insert in such Grants the same Conditions as are in all other Grants of Town Lots.

That with Respect to all Lands in any of the Islands which are the Object of the Commission, and which are not comprised within the above Description of Lands reserved for public Uses; Lands set apart for poor Settlers; Lands which are the right Property of the Inhabitants of Grenada and the Grenadines, or that may be leased out to the French Inhabitants of Dominica, or St. Vincent, or possessed by the native Caribbees; they shall be divided into Allotments for Plantations; to consist, in the Islands of Grenada and the Grenadines, Tobago, and St. Vincent, of not less than One Hundred, nor more than Five Hundred Acres; and in the Island of Dominica, of not less than Fifty, nor more than Three Hundred Acres of Land: In doing of which, Care will be taken that each Lot shall have every Convenience that the Circumstances and Nature of the Ground will admit of.

That the said Town-Lots, and Garden or Pasture Ground, shall be laid out with all convenient Speed, in order that, if uncleared, the Governor-General of the Grenades and Neutral Islands, or the Lieutenant-Governor of each Island respectively, may dispose thereof to such as apply for them; or, if consisting of cleared Land, that they may be sold, in like Manner as the Plantation Lands hereafter mentioned, by public Auction; subject in either Case to the Conditions, that a Dwelling-house, Shop, Warehouse, or Out-house, shall be erected thereon within the Space of two Years from the Date of the Grant; and a Quit-rent of One Penny Sterling per Foot in Front for the Town-Lot, and Six-pence Sterling per Annum for every Acre of Garden or Pasture Ground: And the Sale and Grants of such Town and Pasture Lots, and also Grants to poor Settlers, shall be irrevocable.

That the Plantation Allotments aforesaid, as well of uncleared Lands as those cleared, which have been occupied by religious Societies, or which, by Reason of the Absence or Refusal of French Inhabitants, shall not be granted on Lease in the Manner above directed, shall be put up to Sale, at a Price not less than Five Pounds Sterling per Acre, if the Lands are cleared, and not less than One Pound Sterling per Acre, if the Lands are uncleared; and be sold by public Auction to the highest Bidder, at the general Sale to be held twice in every Year, in the most healthy Seasons, either at Grenada, or the Island where such Lands are situated, on the following Terms and Conditions, that is to say:

That no Person shall be permitted to purchase from the Crown, either in his own Name, or in the Name of others in Trust for him, more than Allotments to the Amount of Five hundred Acres in the Island where the Lands lie, or more than Three hundred Acres if in the Island of Dominica.

That the highest Bidder for each Lot shall be declared the Purchaser, who shall thereupon pay down twenty per Cent. of the whole Purchase Money, and Six-pence Sterling for each Acre of which his Lot shall consist, to defray the Expence of surveying the same; whereupon he shall receive a Bill of Sale and a Certificate from the Commissioners of his being the highest Bidder; upon producing which Bill of Sale and Certificate to the Governor-General of the Grenades and the Neutral Islands, or Commander in Chief for the Time being, he shall be intitled to a Grant in Fee Simple (under the Seal of the Islands) of the Lands by him purchased, and take Possession thereof, such Grant to be registered in the Secretary's Office of the respective Island where the Lands lie.

That in Case of Fraud, Collusion, or other Contravention to the King's Instructions, and not otherwise, the Grant shall be revocable for the Space of twelve Months from the Date thereof, by the Lord High Treasurer or the Lords Commissioners of his Majesty's Treasury for the Time being; but, if not revoked, within that Term, the same shall then be absolute; if revoked, Notice thereof shall be immediately given, and the Money returned to the Purchaser with the usual Interest of the Island; and Compensation also made for all Sums of Money which shall bona fide have been laid out for the Clearing, Improving, or Building on any Part of the Lands contained in such Grant, to be ascertained by Arbitration, and the Lands shall be again put up to Sale.

That of the Purchase Money remaining due, ten per Cent. more than the twenty per Cent. above-mentioned, shall be paid within the first Year after the Date of the Bill of Sale, ten per Cent. the second Year, and twenty per Cent. every successive Year, until the whole shall be paid: But, in Default of any of the said Payments, the Lands shall be liable to be forfeited, and again sold, in order that the King may be first paid, and the Residue shall be the Property of those before intitled to it.

That from twelve Months after the Date of the Grant, the Purchaser shall clear away at the Rate of five Acres in the Hundred annually, until one Half of the cultivable Land shall be cleared, under a Penalty of Five Pounds Sterling per Annum for every Acre not cleared, in Pursuance of this Condition.

That for every hundred Acres of cleared Land the Purchaser is or shall be possessed of, he shall keep thereon one white Man, or two white Women, under the Penalty of Forty Pounds Sterling for every white Man, and Twenty Pounds Sterling for every white Woman that shall be wanting; and pay an annual Quit-rent of Six-pence Sterling per Acre on whatever cleared Land he has purchased, or shall clear in Pursuance of the Conditions required.

That a Reservation shall be made to the King of all Gold or Silver Mines which are now, or may hereafter be discovered in the said Islands.

That the first Sale shall commence in the Island of Tobago on Tuesday the 14th Day of May next.

That Tuesday, the 28th Day of May next, shall be the first Day of Sale in the Island of St. Vincent.

That Tuesday the 11th Day of June next shall be the first Day of Sale in the Island of Dominica.

That each Sale shall be continued every successive Day, until the same shall be completed.

That the Commissioners in the mean Time shall proceed to settle Terms with the French Inhabitants of St. Vincent and Dominica, and execute Leases with them, as directed by his Majesty.

That all Payments of Fines for Leases, as well as of purchase Money, shall be

made conformable to the King's Instructions to the Receiver, in good Gold Specie, to be taken by Weight, at the Rate of three Pounds, eighteen Shillings and Three Pence Sterling per Ounce.

That All advertisements descriptive of the Situation and Soil of each Allotment shall be published as soon as possible; and,

That although no particular Description can yet be given of the Land to be sold at the first Sale in each Island, yet, in general, it may be proper to inform the Public, that the Lots to be sold in *Tobago* will lie chiefly in the Neighbourhood of *Great Courland Bay, Man of War Bay, Great Rockley Bay, Cechongras Bay* (now called *Barbados Bay*) and *Little Hog Bay*.

That Towns shall be laid out in each of these Bays with all convenient Speed.

That the Sale in *St. Vincent* shall consist of uncleared Lands, as well as the valuable Tracts of cleared Land that may have been occupied by religious Societies,

or not granted on Lease, by Reason of the Absence or Refusal of the late French Possessors: And

That Towns shall be laid out contiguous to the Bay of *Hastings* and *Barewell*, or elsewhere, as may be thought expedient.

That the Sale in *Dominica* will consist of uncleared and valuable cleared Lands as has been explained concerning *St. Vincent*, including the Estates possessed by the Society of *Jesuits*, near *Grand Bay*, so well known for their superior Excellency and Improvements: And

That in particular a Town, and Plantation Allotments, shall be laid out, at *Prince Rupert's Bay*.

CHARLES-TOWN, March 9, 1765.
WEDNESDAY last the General Assembly of this Province met, pursuant to adjournment, to sit for the dispatch of divers weighty and important matters, amongst which, we hear, are, the establishment of a Court of Appeals, and a seminary for educating our numerous youth.

The same day, for the Sweepstakes, the following colts ran, and came in as under, viz.
Thomas Lynch, Esq's, roan Tridram-Shandy — 1
Edward Fenwick, Esq's, bay Tarquin — 2
John Ainslie, Esq's, roan Brutus — 3
This was a very hollow race indeed.—Odds at starting two to one, Tridram against the field.—After the first heat, twenty to one.

We hear, the first horse SKIM does not go to Port-Royal—as some of Brutus's get, &c. are to hither, that have challenged the first horse in the province, for one thousand guineas.

On the first of January 1766, Babraham and Steady will run, at New-Market, for one thousand pounds currency, the best of heats, ten furlongs each.

The particulars we have received of Judd's Friend expedition to the Mississippi, are as follows, viz. That he and his party in canoes cruised in there below the mouth of the Ohio 46 days, without the least appearance of success; but on the 47th a runner discovered two battoes, deeply laden, with two men in each rowing up; the Cherokees thereupon lay in ambush till the next day at 10 o'clock, till the battoes were within gunshot, when perceiving they intended to land at Fort L'Assomption, the party crept thither upon their bellies, where as soon as the first battoe landed they rushed upon & seized two Frenchmen that were in her; the other battoe was carried to the opposite side of the river, turn'd adrift, and the men in her ran off; the Cherokees pursued, but got only the battoe, and on examining the ladings of both, found they consisted of powder, ball, rum, flour, salt, &c. and were bound for the Shawanoe hunting ground: Judd's-Friend took as much as his little boats would hold, out of these battoes, threw the rest into the river, and burnt the battoes, then rolled a quarter cask of rum into the fort, which had been evacuated, hoisted his colours, beat in the head of the cask, drank King George's health, and obliged the Frenchmen to do the same, whom he informed were to embark with him for the Cherokee nation next day: When the Frenchmen discovered they were not to be put to death, they informed Judd's-Friend, in broken English and by signs, that about 30 days before a great number of battoes had gone up the river in two convoys, the first consisting of 20, escorted by 70 Indians, the second of 10, guarded by 30 French soldiers, all laden with arms and ammunition for the Northern tribes of Indians.

Our correspondents add, that all these battoes pass Fort L'Assomption, go 10 days more up the Ohio, then enter the Ouabach, which is navigable to numerous nations of Indians; that the afore-mentioned battoes had scarce entered the Ouabach, before a party of Nantugas came into the Cherokee's hunting-ground, and killed 13 men and a warrior called the Bullet-Head of Toqua;—that thence it is plain the not garbioning L'Assomption, and some other posts of as much importance, may often prove of bad consequence to the peace of America; that the news of the Bullet-Head's being killed, had so exasperated the Great Warrior, that he declared he would, in the spring, make the belated path between the Cherokees and French bloody, and have to scalp for every man he had lost; for he found, now the old Governor was gone, the French were becoming restless, he having promised that no ammunition should be sent to the Northern tribes;—that Judd's-Friend returned from his expedition the 17th of January, and was to set out for Fort Prince-George, with the two Frenchmen the 20th instant;—and that this winter has proved the severest ever known in the Cherokee country.

Other letters inform us, that nothing of consequence passed at the late congress between the Creeks and Cherokees; but a declaration on the part of the former, that they would hold the English fast by the hand, and commit no more murders.—And that the Creek fellow, who was taken by the Young Warrior of Wistawh and escaped, that had been concerned with Wootenaw in the murder of Bedingfield, was still at Trogoulou, and had attempted the life of Mr. James Pritchard, late clerk to the provincial assembly at Keshowee.

The Rev. Mr. Whitehead has preached twice this week, to crowded assemblies, in the independent meeting-house, and yesterday in St. Andrew's church, Ashley-Ferry. He preaches again, God willing, next Sunday here, and the Sunday following gives us his farewell discourse.

On Wednesday last died Mr. John Simmons, eldest son of the late Ebenezer Simmons, Esq.

The same died Mrs. Ruth Bedon, relict of the late Mr. Stephen Bedon, junior.

We can with confidence assure the public, that the small-pox is no where in Charles-Town, since the removal of Captain John Nash to the pest-house, on Sullivan's Island, who took the infection in Georgia, was carried from hence as soon as the disease could be known, and, we hear, has it favourably, and is likely to do well.
